

CHRONOSWISS

MODERN MECHANICAL

Service Overview and Price List

Valid as of 1st January 2023

Revisions

Revisions consist of a professional basic overhaul with the following services:

- The movement is completely dismantled, cleaned, assembled, adjusted, oiled and regulated
- Replacement of wear parts
- Cleaning of the case as well as the metal strap and the buckle
- Restoration of water resistance. Should the restoration of water resistance no longer be possible due to the age of the watch or the technical requirements, this will be communicated accordingly.
- Provision of a gear pass
- Final inspection

Prices and Estimates

The revision prices for common and current models can be found in the attached price list. If the status of the watch indicates a greater effort, we prepare an individual cost estimate, this generally applies for vintage watches.

The prices shown below are inclusive of VAT. Please contact us regarding prices for entire movements, complete cases or other components.

In the event of a rejected cost estimate, CHF 50 will be charged for the already incurred expenses.

Contact

Mr. Yanick Taha will be happy to assist you for any queries you may have regarding our services. Phone: +41 (0)41 41552 2156 / E-Mail: yanick.taha@chronoswiss.com
